

# **Montana Fish, Wildlife & Parks**

## **CITIZEN WORKGROUP – Meeting 8**

### **Developing Alternatives for Updating the Upper Missouri River Reservoir Fisheries Management Plan (UMRRFMP)**

December 14, 2009

9:00 AM – 1:00 PM (*lunch provided immediately following the meeting*)

MACo Conference Room

Public Comment Period – 12:30 – 12:55 PM

#### **PROCESS OBJECTIVES**

1. In 6-8 meetings, explore aspects of a fisheries Management Plan for Holter, Hauser, and Canyon Ferry Reservoirs.
2. Within the Workgroup's charter, develop consensus alternatives and recommend those alternatives to FWP.

#### **SESSION OBJECTIVES**

1. Discuss, provide feedback and come to general understanding on the draft Updated Plan.
2. Review the process from here to completion.

#### **AGENDA STRUCTURE**

- Getting back in touch:
  - Objectives and agenda review; who's at the table... in the room?
  - Brief review of the Operating Procedures
- What's happened since we last met in terms of the process?
  - Update on the public process; summary of public comments; FWP response to comments document
  - What FWP has done with the public comments toward the final document
- Reviewing the draft Updated Management Plan and its parts:
  - Intended changes to the Plan based on public comment
  - General comments; specific feedback
- What happens next?
  - FWP process and calendar
  - Decision making regarding the Plan
  - Role of the public in the remainder of the process
  - Role of the public with the new plan
- Public Comment period

Lunch – Celebrating completion of the new Management Plan
